LANGUAGES

- Intermediate English
- Native Spanish

STUDIES

UNIVERSITY OF THE SABANA

- Informatics Engineering

COLEGIO ALFONSO JARAMILLO

- Graduated with the prize for the best monograph
- Graduated with sports award

HARD SKILLS

Programming languages
- handling of Python, Java and SQL
- Management of Git and GitHub for a collaborative
- Frameworks: React, Django.
- Database managment: MySQL and SQL Server

Design methodologies
- Human Centered Design (HCD)

Development Environments
- Visual Studio Code
- Apache Netbeans

SOFT SKILLS

Teamwork

Learning capacity

Orientation to results

Orientation to results

Problem resolution

EXPERIENCE

Mini database manager:
Developed a mini database manager in Java and MySQL using JDBC.

Spades and Fixed Game:
I created a Spades and Fixed game web page using HTML, CSS and JavaScript.

ToDoList:
Implemented a ToDoList web application using Java and Netbeans. The application allowed users to create, update and delete tasks.
